Sheila,

I've approached Donna D-E and Martha Talman about creating a faculty senate committee to bring together those on campus working on freshman orientation courses. Both were enthusiastic. The next step is to get approval from the Curriculum Committee, which I understand is now under the direction of the faculty senate. Martha asked me to ask you to put me on the agenda for the first meeting. Is that possible, and if so, would you let me know when it will be?

Sarah Black
