6. Catalog Description: ☑ Now in Print, or ☐ Proposed Below:

   Required for all Elementary Education students. Teacher candidates will learn how to convert their knowledge of subject matter into effective lessons that meet the needs of a wide range of students. They will learn how to develop lessons that are grounded in a backward design approach. This approach focuses on creating a curriculum design that will help them develop critical thinking skills and enduring understanding. Teacher candidates will create a mini-teacher work sample that will be implemented in a local elementary classroom during their practicum experiences to provide real experience and evidence of their pedagogical knowledge. Practicum required. Prerequisite: Admission to the DSC Elementary Education Program. 2 lecture hours and 2 practicum hours per week.

7. Course justification (attach sheets if needed):
   As we engage in the process for national accreditation of our program, we have reviewed all course descriptions and revised them to more accurately represent what is being taught, and to have a more consistent format.
