Course Addition

Originator: Georgine Bills
Department: Respiratory Therapy
Replacement Course ID:

1. Course Title: Laboratory Practice/Neonatal Care
   Prefix & Num: RESTH 3021
   Instructor permission required: No

2. Pre-requisite(s): Acceptance into the respiratory therapy program and completion of first three semesters are required.
   Co-requisite(s): RESTH 3020 and 3100
   Class Hours/Week:
   *LEC: 0.00
   *LBC w/ cr: 4.00
   *LNC w/no cr: 0.00
   Credits: 2.00
   Clinical: 0.00
   Practicum: 0.00
   Independent Study: 0.00

3. Semester to be Implemented: Spring, 2009
   Day ☑
   Extended Day ☐
   Grade type: Regular

4. Cost Code: HEA 119
   Lab Fee: 150
   Additional Fees: $0.00
   Potential WLF: 0.00

Explanation of Fees: Laboratory practice course requires disposable equipment and supplies to be furnished to the students during their practice sessions. These items are for single-use only and students will be allowed to keep the equipment for practice. This fee also covers three nationally-standardized examinations that both prepare the students for taking their national Board examinations for licensure and are required by the program accreditation standards.

5. Is this course designed for a specific group? Yes
   Who? Students enrolled in the Respiratory Therapy program

6. Catalog Description: ☐ Now in Print, or ☑ Proposed Below:
   Course provides laboratory practice of techniques associated with airway management, ventilatory support, and resuscitation of infants and children. Case-based learning emphasizes patient assessment and initiation of appropriate respiratory support for infants and children. Concurrent enrollment in RESTH 3020 and 3100 is required.

7. Course justification (attach sheets if needed):
   New program, integrated courses required by professional accreditation standards.

8. Are library resources adequate to support this change? Yes
   If not, how are those resources to be acquired?

9. Are technical and other resources available? Yes
   If not, how are those resources to be acquired?

10. Relationship to the curriculum: Would the course fill a G.E. requirement? No
    If yes, which G.E. area?
    If it does not fill a G.E. requirement, would the course offer elective credit? Yes

11. Transferability of the course: List comparable courses at other colleges and universities:
