Course Change Form

Course Addition

1. Course Title: Content Methods Course
   Prefix & Num.: SCED 4700

2. Pre-requisite(s): Acceptance into SET Program
   Co-requisite(s): Instructor permission required: No
   Class Hours/Week: *LEC: 2.00 *LBC w/cr: 0.00 *LNC w/no cr: 0.00 Credits: 3.00
   Clinical: 0.00 Practicum: 2.00 Independent Study: 0.00

3. Semester to be Implemented: Spring, 2009
   Day ☒ Extended Day ☐ Grade type Regular

4. Cost Code:
   Lab Fee: $0.00 Additional Fees: $0.00 Potential WLF: 0.00

Explaination of Fees:

5. Is this course designed for a specific group? Yes Who? Secondary Education Teaching (SET) Students

6. Catalog Description: ☐ Now in Print, or ☒ Proposed Below:
   SCED 4700 Secondary Content Methods (3)
   For Secondary Education Teaching (SET) licensure students. Course topics include: (a) instructional strategies and procedures; (b) assessments; (c) adaptive teaching for diverse students; and (d) secondary school structures (i.e., block scheduling, resources, etc.). Education and academic content faculty will work together to ensure content knowledge and effective pedagogy are appropriate for secondary (7-12th) learning environments. Lecture, seminar discussion, and practicum experiences in local secondary schools are the modes of instruction for this course. Two lecture hours and two practicum hours per week. Prerequisite: Admission to the Secondary Education Teaching (SET) program.

7. Course justification (attach sheets if needed):
   This general teaching methods course is meant to meet the needs of those students who are certifying in a content area that does not have its own teaching methods course. This occasionally happens when a student has a bachelor's degree and then decides to come back to earn a teaching license to go with their content degree. DSC may not have a four year degree in that area and would therefore not have a methods course for that content area. This class would meet the requirement.

8. Are library resources adequate to support this change? Yes If not, how are those resources to be acquired?

9. Are technical and other resources available? Yes If not, how are those resources to be acquired?

10. Relationship to the curriculum: Would the course fill a G.E. requirement? No If yes, which G.E. area? If it does not fill a G.E. requirement, would the course offer elective credit? No

11. Transferability of the course: List comparable courses at other colleges and universities:
