

SYLLABUS - MATH 1010
INTERMEDIATE ALGEBRA
FALL SEMESTER, 2010 (M, TU, TH, FR,)
(Room 150, Time 8:00- 8:50 am) (CRN) (40075)(42671)V

Instructor: Robert J Comeford
Credits: 4 hours
Text: Intermediate Algebra
Fifth Edition 2009
Martin, Gray

Office : NIB Room # 134
Hours: Tue and Thur (7:30, 9:00, 11:00)
email: comeford@dixie.edu

-
- 1. OBJECTIVES: All classes in mathematics at Dixie College support the general education goal of the college.**
Each will:
- a. Require students to perform mathematical processes including fractions, percentages, decimals, Proportions/ratios, algebra equations and /or calculus techniques.**
 - b. Provide students with application problems that use a variety of methods including arithmetical, algebraic and geometric methods.**
 - c. Challenge students to make inferences from mathematical functions.**
 - d. Provide students with real life applications that use a variety of mathematical functions.**

Math 1010 is designed to give students a basic understanding of Intermediate Algebra and prepare them for the more advanced work in mathematics. Upon successful completion of this course, a student will demonstrate through testing the ability to:

- 1. Perform basic mathematical operations on rational numbers with and without a calculator, including fractions, percent , and decimals.**
- 2. Use algebraic process to solve algebraic equation in one, two , and three unknowns.**
- 3. Demonstrate the concept of equivalence including the use of variables to define relationship.**
- 4. Work with functions that serve as models of real-world problems including polynomial, quadratic, exponential, and logarithmic functions.**

2. Calculators: A scientific calculator is required, and a graphing calculator would be helpful.

Th TI-83 Plus will be used in class and is highly recommended for Math 1010 and Math 1050 (Non Calculus students.)

3. Examinations: Each student is expected to take the examinations as scheduled in the syllabus. Make up exams will be given at the discretion of the instructor, and only prior arrangements has been made. No prior arrangement will be a zero score on the exam that was missed. There will be no retakes of an exam. A final comprehensive exam will be given at the end of the term. The lowest test score can be replaces with the percent earned on the final exam.

Disability Statement:

Students with medical, psychological, learning or other disabilities desiring reasonable academic adjustment, accommodations, or auxiliary aids to be successful in this class will need to contact the DISABILITY RESOURCE CENTER Coordinator (Baako Wahabu) for eligibility determination. Proper documentation of impairment is required in order to receive services or accommodations. DRC is located at the ground floor of the Financial Aid Office. Visit or call 652-7516 to schedule appointment to discuss the process. DRC Coordinator determines eligibility for and authorizes the provision of services.

ATTENDANCE: Attendance is essential and roll will be taken. You will not be able to make up any in-class activities performed in classes that you miss. Tardiness can be disruptive to the instructor and the students in the concentration of the concepts being taught. If for some reason you have a perpetual problem in getting to this class, you may need to change your math class to a better fit your schedule. Generally, students missing concepts because of lateness, can cause the students to get low test scores.

ASSIGNMENTS: Homework assignments are to be done each day. Homework will be corrected and reviewed the next day. Homework will be collected each day. For students to receive credit for assignments, homework needs to have the correct answers with proper work showing the solution not just answers. **(No work no credit)** Place your name, Class, Date and section number in the right hand corner of your homework. **Example: John Doe**

Math 1010
Aug 23, 2010
Sec. 2.1

HELP: I am available for help during posted office hours. There are also tutors available in the Browning Building at no cost to you.

GRADES: Grades will be based on the ratio of the number of points earned by the student to the total number of points possible on all Assignments, Examinations, and Quizzes if we have any.

Grades will be assigned as follows:

A	94-100 %	B-	80 - 82 %	D +	64 -66 %
A -	90 -93 %	C +	75 - 79 %	D	62 - 63 %
B +	87 - 89 %	C	70 - 74%	D -	60 - 61 %
B	83 - 86 %	C -	67- 69 %	F	0 - 59 %

HAVE A GOOD YEAR IN MATH

**Hard work is the price for Success,
And it must be paid in Full.**

**SO
TRY YOUR BEST
BE YOUR BEST
FIND SUCCESS**
