Program Request - Abbreviated Template
Dixie State University
Automotive Technology Program Discontinuation
05/12/2015

Section I: Request

Dixie State University is requesting discontinuation of its Automotive Technology Program effective July 1st, 2016. The program is being transferred to Dixie Applied Technology College.

Section II: Need

DSU and DXATC both offer Automotive Technology programs. Recognizing the need to cooperate in best meeting the needs of students in Washington County, the Automotive Technology programs will be transferred from DSU to DXATC. DXATC is well situated to assume these programs with its new a state-of-the art facility. DSU admitted its last students to the program in Fall 2015. A teach out is necessary to make sure those students finish their two-year program.

Section III: Institutional Impact

The proposed change should have no impact on other departments or administrative structures. The change will result in availability of the Automotive Mechanics building. Future use of that building is TBD.

Section IV: Finances

No costs are anticipated from this change. Additionally, DXATC has agreed to consider purchasing some or Automotive Technology equipment in a memorandum of understanding. No budgetary impact on other programs within DSU will occur.
