6. Catalog Description: ☐ Now in Print, or ☒ Proposed Below:
   For education majors. Investigates the nature and pre-disposition of gifted and talented learners. Methods and materials for effective instruction with this population are presented and developed through lecture and demonstration. Students should be prepared to identify and prepare for accelerated learners in the context of their prospective classrooms. A portfolio of methods and materials for gifted learners is a competency of the course. ☐ Prerequisite: Admission to Dixie State College Elementary Education program. 3 lecture hours per week. Practicum required.

7. Course justification (attach sheets if needed):
   We recently approved ELED 3900 to cover a broader spectrum of exceptional students and changed the name of the course to accommodate changes in licensing and recommendations by our outside reviewer. But we still need the old version for a couple of semester for our students already in our existing program. So it was recommended in the last curriculum council that we make the old version ELED 3901 and keep the new version at ELED 3900 in order to make it easier to delete the old version when we are finished with it.

8. Are library resources adequate to support this change? Yes  If not, how are those resources to be acquired?

9. Are technical and other resources available? Yes  If not, how are those resources to be acquired?

10. Relationship to the curriculum: Would the course fill a G.E. requirement? No  If yes, which G.E. area?
    If it does not fill a G.E. requirement, would the course offer elective credit? No

11. Transferability of the course: List comparable courses at other colleges and universities:
