**Instruction Index Code:** FPA212

**Catalog Description:**

Studio class for art students and students interested in multimedia experimentation. Includes exploration of drawing, painting, sculpture, and photo-computer media, using processes to create innovations in 2-D, 3-D, and installation presentations. *(Odd)*

**Course Rotation:** Spring *(odd) (every)*

**Justification for course/change:** Changed the prerec to various courses because it is an experimentation class with multiple media mostly manipulated in 3D form. Increased course fees to pay for materials. Changed title because the majority of the other Universities in the State call the same course "Assemblage Sculpture". The title
fits what is taught in the course better.

## Course Learning Outcomes:

- **D00002376 (09/09/15 5:51 pm):** Rollback: add grade statement to prereq.... (Grade C- or higher). Also, will this course every change its title in order to receive repeatable credit? If not, then the number must have an "R" added to it (3430R). If it's only repeatable with a different topic, then it doesn't get the "R". Looks like this one will need the "R".
- **D00002376 (09/15/15 10:46 pm):** slee: added period at the end of the prereq statement.
