How do your Course Learning Outcomes align to your Program Learning Outcomes?

Schedule of lesson activities that meet Course Learning Outcomes.
Assessment activities that provide evidence of student learning

Course Reviewer Comments

**lee_s (12/09/14 10:29 am):** Rollback: slee: On the schedule type/hrs per week. This particular course has hours in the LEC, LAB and CLN portions of the course. The LEC/LAB hours need to be included on this form to match what’s in Banner or it won’t process through. You can have up to three so, edit this form and add the other two with the hrs per week they should be taught. I believe you’ll have to change your workload hours to the total for all three schedule types also.
