As A Banner Prerequisite:

MGMT 4800 : Strategic Management

Course Prefix: IT
Course Number: 3050
Effective Semester: Fall 2015
Department: Computer Information Technology (CIT)
School: School of Science & Technology-SC
Course Title: Management Information Systems
Short Course Title: Management Information Systems

Credits: 3
Workload Factors: 3
Primary Grade Type: Standard Letter
Secondary Grade Type: 
Instructor Requirement: No
Permission Required: 
Repeatable for Credit: No
Schedule Type: Lecture
Hrs/Wk: 3
Catalog Prerequisites?

Catalog Prerequisites:
CIS 2010; ENGL 1010 or ENGL 1010A, or ENGL 1010D; MATH 1010 or MATH 1000 or higher.
Grade Required on: N/A
Prerequisite(s): 

Corequisites? No
Course/Lab Fee? No
Instruction Index Code: TEC201
GE Status Requested: No

Catalog Description
Designed for students to gain understanding of the application of technology in solving business problems through analysis of the role of information technology in business. Includes organization systems, planning, and decision processes, as well as how information and information technology is used for decision support in organizations and for competitive advantage in both traditional brick-and-mortar business and e-business. Provides hands-on experience in spreadsheet, database, presentation, and Internet software applications in a business context.

Course Rotation:
Fall (every)
Spring (every)

Course Discontinue Justification
IT 3050 was only required for business students, not CIT students and it is taught by a business faculty member so it made sense to move to MIS.

There was significant overlap between ACCT 3050 and IT 3050, so ACCT 3050 was changed to MIS 3050 and will continue to cover most of the same content as IT 3050 with a few important Accounting Information System (AIS) concepts added (all new concepts are relevant to business majors too).
