<td>Lecture</td>
<td>3</td>
</tr>
</tbody>
</table>

### Catalog Prerequisites?

- **Catalog Prerequisites:**
  - CS 1400 (Grade C- or higher) AND IT 1100 (Grade C- or higher); **MIS IT-3050** (Grade C- or higher); AND WEB 1400 (Grade C- or higher).
  - Grade Required on C-

### Corequisites?

- No

### Course/Lab Fee?

- Yes

<table>

<tr>
<th>Course/Lab Fee</th>
<th>Fee Deposit</th>
</tr>
</thead>
<tbody>
<tr>
<td>25</td>
<td>TEC303</td>
</tr>
</tbody>
</table>

### Fee Justification:

- **Course will continue to be taught by CIT instructor using CIT equipment and software so fee should remain in that dept.**

### Instruction Index Code:

- TEC201

### GE Status Requested:

- No

### Catalog Description

For students in the Business Administration with emphasis in Management Information Systems program. Covers the software lifecycle. Students will be required to manage a team of students in the design, development and testing of software projects. Dual listed with CS 2450 (students may take only one course for credit).

### Course Rotation:

- Spring (every)

### Justification for course/change:

IT 4450 is only required for business students, not CIT students and currently causes CIT advising confusion. With the new MIS prefix creation in business, this change better aligns with the content and student curriculum. No curriculum material or teaching assignments are being changed with this proposal, only the course prefix.
Library Resources Adequate: Yes
Tech Resources Adequate: Yes

Course Learning Outcomes:

No changes to existing course.

How do your Course Learning Outcomes align to your Program Learning Outcomes?

No changes to existing course.

Schedule of lesson activities that meet Course Learning Outcomes

No changes to existing course.

Assessment activities that provide evidence of student learning

No changes to existing course.
