**lee_s (12/09/14 10:46 am)**: Rollback: slee: Question regarding your schedule types again. On this course, isn't this just a Lecture/Lab course combined (LEL) and the CLN is NURS 1007? If so, don't we want to take off the clinical, the lab, and the LEC, and make it a combined lec/lab for an LEL schedule type, and leave the CLN to NURS 1007? Wouldn't the workload then be a total of 3.3 for the LEL?
