## Approval Path

1. **12/09/15 11:27 am**
   - Katherine Snyder (ksnyder): Approved for SURG Chair
2. **12/09/15 11:39 am**
   - Julie Goodsell (goodsell): Approved for HO Dean
3. **12/18/15 11:22 am**
   - Sharon Lee (lee_s): Rollback to HO Dean for University Curriculum Committee Chair
4. **12/18/15 3:42 pm**
   - Julie Goodsell
SURG 1000: Introduction to Surgical Technology

Instructor 
Permission Required: No
Repeatable for Credit: No
Schedule Type: Lecture Hrs/Wk: 2
Catalog Prerequisites? Yes

Catalog
Prerequisites:
Acceptance into the Surgical Technology Program.

Grade Required on Prerequisite(s): N/A

Corequisites? No
Course/Lab Fee? No
Instruction Index Code: HEA105

GE Status Requested: No

Catalog Description
First semester course. Students will be introduced to the profession of surgical technology. Students will acquire knowledge of professional requirements and expectations, scope of practice, the surgical team, hospital and health delivery systems, the physical environment of surgery, hazards and safety practices, ethical and legal aspects, risk management, credentialing, and professional organizations. Students will gain an understanding of various roles for surgical technologists, and specific tasks required to deliver surgical patient care before, during, and after a surgical procedure. Prerequisite: Acceptance into the Surgical Technology Program. Taught in cohort rotation. FA.

https://newcatalog.dixie.edu/courseleaf/approve/?role=admin
Course Rotation: Fall (every)

Justification for course/change: New course for AAS degree. Content separated and expanded from SURG 1050 to create a separate course.

Library Resources Adequate: Yes
Tech Resources Adequate: Yes

Comparable Courses: (use USHE course first)

Course Learning Outcomes: upon completion of course, successful students will:
1. Explain aspects of professionalism as it applies to surgical technology including job duties, expected traits, credentialing, continuing education, employment, and related professional organizations.
2. Identify ethical, moral and legal concepts and responsibilities expected of a professional surgical technologist.
3. Describe aspects of surgical patient care including patient needs, the physical environment, hazards and safety, and perioperative case management.

Course Reviewer Comments

**D00002376 (12/18/15 11:22 am):** Rollback: on this prerequisite, I can't add a grade to the admission. I believe your admission is they have to have a C average already to be accepted right? Why not just remove the C grade. I can't add a grade to a program requirement in Banner. Remove the corequisite: Taught in cohort rotation, and add that statement to your description. Remove prerequisite, and rotation from the description. CourseLeaf will put that in from the fields already entered. Is this course required for the degree requirements for SURG (AAS)? Isn't that something that has to be approved by Board of Regents?

**D00002376 (12/22/15 10:51 am):** Rollback: fixes asked for have not been changed. Please make those changes.
D00002376 (01/12/16 2:48 pm): Rollback: Number has been used before. 1000 is available.
D00002376 (01/13/16 11:40 am): per email from Kathryn Snyder, she agreed to make this SURG 1000 as the number 1010 had already been used before.
